

Fell Map Guidelines

You will make a map of your Fell Model

1. It will be from an aerial or “birds eye view”
2. It will have symbols, not words on the actual map
3. It will have a key that explains what the symbols mean, have a compass rose and the scale (1 block = 1 cm)
4. It will have a title
5. It will be colorful

Grading will be based on:

1. Accuracy of the map
2. Accuracy of the map key
3. Attractiveness of the map
4. Group Work
